CV Biodiversity Partnership: cvbiodiversitypartnership@gmail.com (for general questions)

Don Mowry: dmowry@uwec.edu (to learn more about this work group)

Invasives Work Group

Charter: Through educational outreach, strategic planning and management, build a team that can spread the word about invasive plants and trees and abatement techniques in collaboration with the DNR, EC City, and private landowners. Recruit more members, and work with CVBP volunteers.

Members

- Don Mowry
- Cindy Halfen

Progress to Date

1. Research invasive plant/tree educational materials
2. Identify partners (e.g., inactive Lower Chippewa Invasive Partnership participants, DNR and EC staff) for potential inclusion in group

Future Plans

1. Consider interface with CVBP “Plant Eau Claire” volunteers, and discuss training
2. Discuss with Eau Claire City Staff: Matt Staudenmaier and Brendan Osborne re: City approved methods & area of emphasis for future coordination
3. Discuss training opportunities in collaboration with Education Work Group
